Vegan Alfredo • Pint 8.00 | Quart 14.00

Route 40's Vegan Alfredo Sauce is made from scratch with natural ingredients. We slow sauté garlic and onions, which we then mix with our house-made almond butter. Next, we slow simmer the aforementioned with house-veggie stock, coconut milk, porcini mushrooms, Herbs de Provence, and a touch of house-infused rosemary oil. Garnished with fresh green onions, this dish is a show stopper and perfect for the end to a long day. We provide simple and brief at-home video heating instructions so this sauce will be piping hot for you in a matter of minutes. Simple, easy, elegant, rich, healthy. Our Vegan Alfredo Sauce is an awesome compliment to pasta or rice. Route 40's Vegan Alfredo is also gluten free.

Vegan Slow Simmered Marinara • Pint 9.00 | Quart 16.00

Fundamentally, at Route 40, we believe all good sauces come with time. Our slow-simmered marinara is a perfect example. This marinara is slow simmered for 24 hours, with the flavors of fresh tomatoes, loads of sweet basil, oregano, garlic, and Herbs de Provence slowly setting in. In addition, we also simmer in our very special House Veggie Stock, which we reduce with Impossible meat, pulling out the flavorful heme taste, providing our marinara with a truly authentic appeal to the palate. Your Italian grandmother might not even know it's vegan, it's that good. Rich and savory, we think our Vegan Marinara goes well with pasta or rice, and a big bold glass of red wine.
